Sued by His Doctor.

"A doctor has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Conchella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had god reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in case of cholera morbus. It never fails. Sold by all druggists.

ROSWELL NATIONAL BANK.

Dr. Robert L. Bradley Elected President, and C. L. Stone of Fort Worth as Cashier.

At a meeting of the board of directors of the Roswell National Bank June 16th the following officers were elected:

Robert L. Bradley, President.
George M. Slaughter, Vice President.
C. C. Emerson, Vice President.
C. L. Stone, Cashier.

It will be noticed that Dr. Bradley succeeds Jerrie McCluskey as president, and C. L. Stone succeeds C. B. McCluskey as cashier. The resignation of the McCluskeys was received with regret by the board of directors, and the only reason that the change was made was that they have sold their interests in Roswell and will go back to their old home at Davis, Indian Territory, where they have heavy interests.

Since being here they have been prominent in the banking and social circles of the city, and it is with a feeling of regret that the citizens of the Valley and the city see them leave.

Dr. Bradley, the new president needs no introduction. He is one of the most eminent physicians of the city and enjoys the confidence of the citizens generally and has a lucrative practice.

C. L. Stone, the new cashier, is a stranger in Roswell and comes from Ft. Worth, Texas, where he has been in the banking business for several years. He comes highly recommended as a most competent banker and the bank will continue to receive a liberal support under the able management of Mr. Stone. He will be joined in a few weeks by his family.

The Roswell National Bank is the newest banking establishment in the city, and they have recently moved into their new home on Main street, which is the finest banking house in Roswell or the entire Territory.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kauble, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
